REQUEST FOR CERTIFICATE OF CORRECTION

COMMISSIONER FOR PATENTS  
ALEXANDRIA, VIRGINIA 22313

SIR:

The following is a request for a Certificate of Correction in Application Serial No.

08/738,659, now Patent Number 6,889,263.

In accordance with the Provisions of Rule 322 of the Rules Practice, which implement 35 U.S.C. 254, the Patent Office is respectfully requested to issue a certificate of correction in the above-identified patent.

In light of the fact that the error was the fault of the Patent Office, no fees are required. The requested corrections are listed on FORM P.T.O. 1050.

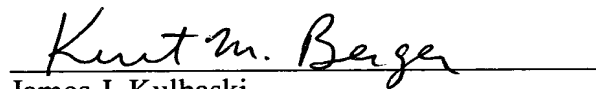

A Request for Certificate of Correction for U.S. Patent No. 6,889,263 ("the '263 patent") was filed July 6, 2005. In response, Applicants received a notice indicating that the request was denied because the patent was printed in accordance with the record. Applicants respectfully disagree with this conclusion regarding the correction requested for column 16,

line 2, and respectfully submit that the attached Request for Certificate of Correction should be granted for the following reasons.

The printed text at column 16, line 2 is part of '263 Claim 32. The last amendment to the claims in Application No. 08/738,659, from which the '263 patent issued, was the Preliminary Amendment filed May 6, 2004. Applicants submit that printed Claim 32 corresponds to listed Claim 39 found on page 5 of the Preliminary Amendment. Claim 39 recites "...one of a copier *and a printer*." Thus, the '263 patent does not appear to be printed in accordance with the record in this regard. Accordingly, Applicants respectfully submit that the attached Request for Certificate of Correction should be granted.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
